

Assistant Turf Superintendent

MaraHills Golf Resort

Location: Sicamous, BC, Canada

Department: Turf

Reports To: Superintendent

Classification: Full Time Seasonal (must be available to work any shift including early mornings, days, weekends & holidays)

Summary:

Assists the golf course superintendent in maintaining the golf course. Responsible for staff scheduling and training, overseeing fertilizer and pesticide programs, ensuring proper operation of the irrigation system as well as participating in all ongoing projects on the golf course. This position is an excellent opportunity for growth and development for a motivated leader. Collaborating with the Superintendent, the Assistant will be immersed in all aspects of the golf course operation.

Primary Responsibilities:

- Plan and supervise the grounds maintenance of the golf course
- Organize and delegate work schedules as well as lead projects and initiatives.
- Supervise, manage, and train turf maintenance staff
- Report to the superintendent on all department activities
- Develop and implement employee safety policy
- Assist with cultural practices and proper operations of the irrigation system
- Perform other duties as provided by the superintendent

Qualifications:

- Organized, enthusiastic and results driven leader who is motivated towards career advancement and personal growth.
- Effective communication and people skills to provide direction and delegate tasks to fellow employees
- A keen eye for detail and a high level of pride in your work.
- Degree, Diploma, or Certificate from a recognized university or college turf management program or a
- combination of comparative education and work experience.
- Comprehensive knowledge and experience in agronomy and integrated pest management principles.
- Strong business acumen and administrative skills; proficient with various computer software programs.
- Experience or knowledge of golf course construction techniques, project planning and implementation.
- Practical knowledge of irrigation requirements, system programming and repair.
- Knowledge of irrigation control software is an asset.
- BC pesticide applicators certificate or ability to obtain such within a reasonable timeframe from commencing employment.
- Valid driver's license.

Apply:

We offer a competitive compensation package relative to the successful applicant's experience and education. This posting will remain available until a skilled applicant is found. The proper candidate will be available to start on or before April 1st, 2023.

Qualified applicants are invited to email their resume & cover letter, references, and anticipated compensation range to Kris Semchuk, Superintendent, at superintendent.marahills@golfnorth.ca. Please be sure to include "Assistant Superintendent" in the Subject line.
